

MT WATER H

Water hardener

DESCRIPTION

MT WATER H is a ready-to-use solution developed to harden the water, with a sustainable action, to lower the risks of foaming that can be generated with the use of a water-soluble fluid.

RECOMMENDED APPLICATIONS

MT WATER H can be added into a soluble cutting fluid, deformation fluid, quenching fluid or an aqueous cleaner.

The addition of 0.1% of **MT WATER H** will increase the water hardness by 20°TH. Pour **MT WATER H** progressively to avoid overdosing!

ADVANTAGES

- Ready to use
- Sustainable action
- Quick results
- No risk for health and safety of the workers
- Label-free

TECHNICAL INFORMATION

CHARACTERISTICS	METHOD	UNIT	MT WATER H
Color			Colorless
Density at 20°C	ISO 12.185		1.15
Viscosity at 40°C	ISO 3104	mm ² /s	1.3
pH at 10%	D 15 1666		6.5-7

The specifications are given for information purposes only and may need to change.

HEALTH & SAFETY

- No labeling
- Ready to use
- Storage in a frost-free place, indoor, between 5°C and 40°C.
