

SAFCONET EXPERT®

Solvent-Free biological parts washer

DESCRIPTION

SAFCONET EXPERT® is a biological degreasing fountain that cleans your parts without using solvents. It works with the natural regeneration principle that uses microorganisms to simply turn pollutants into a source of food and energy.

INSTRUCTION FOR USE

SAFCONET EXPERT® is a biological parts washer using cleaning concept based on a non-labeled cleaning solution, heated at 38°C. The use of **SAFCONET TABS®** and **SAFCONET LIQUID®** are highly recommended to deliver the highest performance of the cleaning solution. Brush and soaking are included.

SAFCONET EXPERT® is solvent-free, non-flammable, safe and ensure the protection of the operator and the environment.

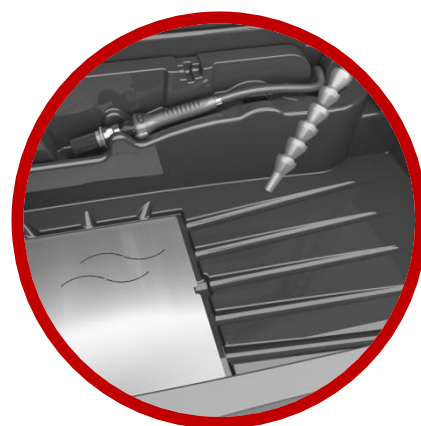

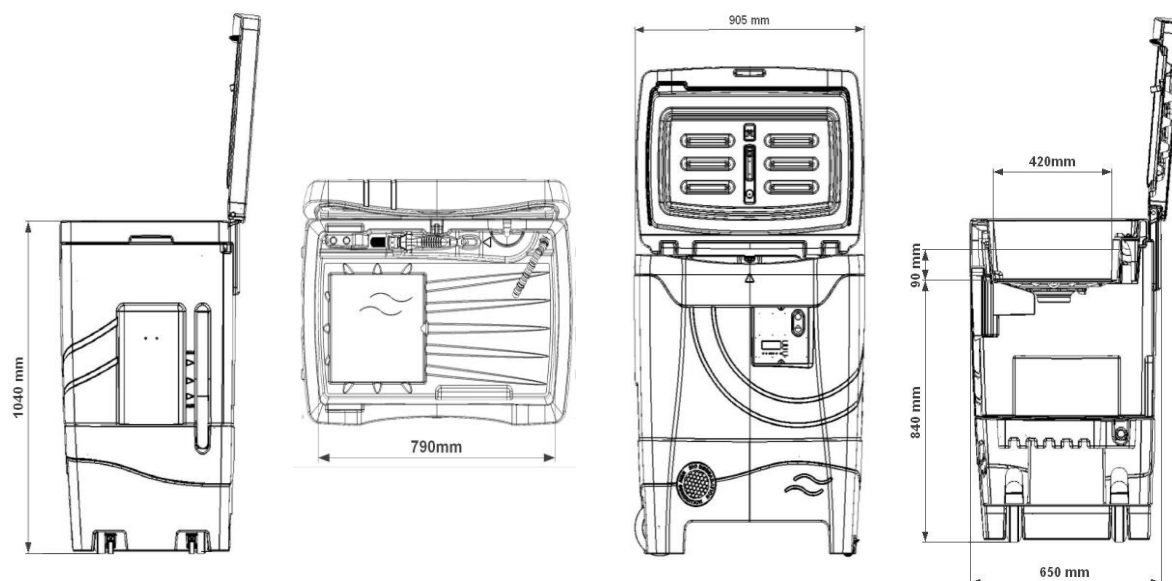

ADVANTAGES

- Solvent-free.
- Non-flammable.
- Mobile.
- Interchangeable tool holder.
- Digital control box.
- Important soaking area.
- Stable cleaning performance.

TECHNICAL INFORMATION

TECHNICAL CHARACTERISTICS	UNITS	SAFCONET EXPERT®
Parts Washer dimension	mm	905x650x1110 (LxIxH)
Working area dimension	mm	790x420x90 (LxIxH)
Empty Weight	kg	40
Tank Capacity	L	60-100
Soaking Area Volume	L	31
Pump Flow	L/h	1140
Heating Power	kW	1
Electric Consumption	W/h	170
Payload	kg	100
Standard Temperature	°C	38 (Boost Mode 43°C)
Composition	-	PEMD
Tool Holder	-	Interchangeable brush
Filtration	μ	700 (Basket filter) + 100 (sock filter)
Power Supply	V	230

These characteristics are given for information and can be modified over the time.

DESIGN OF THE BIOLOGICAL PARTS WASHER**HEALTH & SAFETY**

- Solvent-free
- Non-flammable

SERVICES AND EQUIPMENT

In addition to its product ranges, MotulTech can provide tools and services for the maintenance and in-use monitoring of your lubricants.
